The General Inspectorate for Emergency Situations of the MAI launches the National Campaign to prevent carbon monoxide poisoning and fires in the housing sector, with the generic: "You can do what others need - solidarity between generations"

Date: November 14, 2025, 10:00 a. m

Venue: Grătiesti House of Culture, 74 Ștefan cel Mare str., Grătiesti commune, Chisinau municipality: Press briefing with the participation of partners: IGSU management, INST management, representatives of local public authorities and social workers.

After the briefing, specialists will visit the homes of the elderly for information and support activities.

The campaign, launched with the support of INST and local public authorities, aims to inform the population about the measures to prevent carbon monoxide poisoning and fires, as well as urges the entire community to show support and care towards the elderly, lonely or with special needs, offering them help in using stoves and other heating sources, in order to prevent risky situations and ensure a safe environment for all.

Media representatives are invited to the event.
