OPINION

On 28 February 2024, at 12:30 PM, the General Inspectorate for Emergency Situations will hold the Launch Conference of the Project MD – ALERT – STUDY „Feasibility study and specific documentation for the implementation of the National Early Warning System", funded by the European Union under the Technical Assistance for Disaster Risk Management Programme (UCP-2023-TRACK1-IBA). The programme is intended to produce the study that will serve as the foundation for the successful implementation of the National Public Warning System in case of emergency and exceptional situations in the Republic of Moldova. The event will be attended by the leadership of the Ministry of Internal Affairs and representatives of the Delegation of the European Union to the Republic of Moldova. The conference will take place at the Răzeni branch of the Republican Training Centre, located in Răzeni commune, 23 Nicolaie Iorga Street, Block A. Media representatives are invited to attend the event.
