

SMURD Iași-Chisinau aero-medical intervention

on the afternoon of October 2, 2025, a SMURD aero-medical crew performed an air intervention to transport from Iași a 13-year-old boy, a citizen of the Republic of Moldova.

According to the information recorded, the minor underwent an intervention following a chest trauma.

The SMURD Iași helicopter landed at 6:10 pm on the "Dinamo" stadium in Chisinau, from where the minor was taken by doctors and transported to the Institute of the Mother and Child.

Throughout the flight, the boy was permanently monitored by SMURD doctors and paramedics.
