

# OPINION

The General Inspectorate for Emergency Situations is launching an unprecedented campaign with the tagline "Do you know what your child is doing at home now?" - a simple question, but one that hits directly at the responsibility of each parent.

The launch event will take place on October 22, 2025, at 10:30 a. m., Security School, Poamei str. 21a, Chisinau city (Detachment of Rescuers and Firefighters Botanica of IGSU).

The campaign is not just an informational action, but a direct appeal to the heart. Its purpose is to minimize the risks to which children are exposed and to promote a culture of safety among them, together with parents, teachers and the entire community, through information and preventive education.

What we prepare:

- Press briefing with impact messages and relevant statistical data;
- Interactive and educational workshops for several groups of students;
- Practical demonstrations of intervention, including training in the use of the fire extinguisher;
- Master-class held by firefighters in liquidating a fire.

Media representatives are invited to the event.

We invite you to join us to join our efforts in protecting what we hold most dear: our children.
