

The IGSU firefighters extinguished the flames that engulfed a car service in the city of Briceni

on the night of October 22, 2025, firefighters from the north of the country were requested to intervene to extinguish a fire that broke out in the city of Briceni, on Krilov Street 7.

The call to Service 112 was received at 02:16. Five IGSU intervention teams were sent to the scene.

Arriving at the destination, the rescuers established that the flames included a self-service with an area of ??300 meters², built of sandwich panels, as well as an auto parts store near the main building.

The fire was extinguished at 04:34.

The fire destroyed approximately 80% of the area of ??the car service and approximately 70% of the area of ??the auto parts store.

as a result of the fire, four cars under repair burned completely, without the possibility of their evacuation. The owner of the unit managed to evacuate a Renault car, and the firemen evacuated an oxygen cylinder, thus preventing a possible explosion.

No one was hurt.

The cause and circumstances of the fire are to be established by specialists.
