

# Official meeting between IGSU management and representatives of local public authorities in Poland in the framework of cooperation with Solidarity Fund PL

On October 24, 2025, in the premises of the General Inspectorate for Emergency Situations of the MAI, the official meeting between the leadership of the Inspectorate and representatives of local public authorities in Poland took place.

The event was organized in the context of sustainable cooperation between IGSU and Solidarity Fund Poland in the field of civil protection.

The event was attended by the head of IGSU, Colonel Aurel Baciu, Tomasz Horbowski, executive director of Solidarity Fund PL, representatives of local public authorities and volunteer firefighters from the Republic of Poland.

during the discussions, the parties highlighted the results achieved in the development of the national volunteer system, including the formation of volunteer firefighter positions and the training of IGSU specialists in Poland. At the same time, the constant support offered by the Polish partners through donations of special vehicles, equipment and technical assistance was noted, thus contributing to the strengthening of the capacities of the volunteer fire stations in the Republic of Moldova.

the head of the IGSU, Colonel Aurel Baciu, thanked the Polish partners and Solidarity Fund PL representatives for the valuable contribution to the development of the national emergency system, emphasizing that this collaboration represents an example of European solidarity that saves lives and strengthens cooperation in the field of civil protection between our countries.

the purpose of the meeting was to strengthen the partnership by carrying out joint projects for the benefit of local communities, contributing to building a safer and more resilient society to disasters.

The assistance of Polish partners and continuous bilateral cooperation, based on trust, mutual respect and common goals, contributes significantly to saving and protecting people's lives, as well as to the development of the safety of rural communities.
