

“Networking Meeting Conducted within the CBC Resilience Strategies Project” ”Disaster risk prevention and resilience strategies for metropolitan areas in the cross-border area - CBC Resilience Strategies”

The Miroslava Commune, Iași (Romania) in partnership with the Directorate for Emergency Situations of Bălți Municipality (Republic of Moldova) is implementing the project “Disaster Risk Prevention and Resilience Strategies for Metropolitan Areas in the Cross-Border Area – CBC Resilience Strategies” / „Strategii de prevenire a riscurilor de dezastru și de reziliență pentru zonele metropolitane din zona transfrontalieră” (ID ROMD00252) during the period 19.07.2025 – 18.07.2027 (24 months).

On 04.03.2026, within the Directorate, Event No. 2 of the Networking Meeting was held according to the “CBC Resilience Strategies” ROMD00252 project.

Thus, the Networking meeting was conducted in two formats: online and with the physical presence of participants. Representatives of local public administrations from the localities located within the Directorate’s area of competence, employees of territorial rescue and firefighter stations, members of volunteer rescue and firefighter units, representatives of public associations, as well as staff of the Directorate for Emergency Situations of Bălți Municipality, participated in the meeting.

During the meetings, essential topics were addressed regarding disaster risk prevention, increasing the response capacity of authorities in emergency situations, and developing effective resilience strategies, providing a platform for dialogue, exchange of best practices, and strengthening cross-border cooperation.

Subsequently, during the period 9–13 March 2026, an online training session will be held, covering the following topics:

- the usefulness of a strategy in the field of emergency situations;
- strategy design, resources, and working methods;
- defining the mission and vision of a strategy;
- research methods, tools, data correlation, and data analysis;
- defining projects and monitoring the strategy.
